

Health Protocol for Arrivals to Sri Lanka Tourism

FULLY VACCINATED TRAVELLERS

Valid for arrivals from 26th October 2021

1

Applies to International Tourists visiting Sri Lanka under tourist visa. No prior approval required from the Ministry of Foreign Affairs or Civil Aviation Authority. There is no minimum duration of stay in Sri Lanka.

Travellers who have completed 14 days after the recommended doses of COVID-19 vaccination and arriving with a negative COVID-19 PCR test report obtained within 72 hours of embarkation will be considered as fully vaccinated travellers. Any vaccination type accepted by the country of origin will be accepted.

2

Prior to boarding, travellers are required to:

- i. Have a valid tourist visa. All visas must be applied online. Visit www.eta.gov.lk.
- ii. Have done a negative PCR test within 72 hours prior to embarkation (Children below 2 years are exempted).

Note:

- Fully vaccinated travellers are **EXEMPTED** from obtaining the mandatory COVID-19 Local Insurance cover. However, travellers should ensure that they have a comprehensive travel insurance that will cover health and other expenses related to COVID-19 should there be a need as Government of Sri Lanka will not bear any costs resulting.
- Fully vaccinated travellers if accompanied by not-vaccinated/not-fully vaccinated children of 12-18 years, pay for on-arrival PCR test at USD 40 per test. Travelers can pay for PCR test at the Ministry of Health approved laboratory established at Bandaranaike International Airport (BIA) or any other MOH approved laboratory. Also, travellers can visit www.visitsrilanka.gov.lk to pay in advance.
- Fully vaccinated travellers if accompanied by not-vaccinated/not-fully vaccinated children, (all age groups) ensure that the comprehensive travel insurance is extended to cover the children adequately as the Government of Sri Lanka will not bear any costs resulting.

3

At the airport produce the following:

- i. Negative COVID-19 PCR report (English) taken within 72 hours prior to embarkation (Applicable to all travellers excluding children below 2 years).
- ii. Original vaccination certificate / card (together with a certified copy of English language translation if the certificate / card is not in English or if relevant data are not indicated in English).
- iii. Completed Health Declaration Form. A separate form should be submitted for each of the accompanying children (if any).

4

On-arrival PCR tests

- i. No on-arrival PCR test for "Fully Vaccinated" travellers.
- ii. Not-vaccinated Children:
 - No on-arrival PCR test for Not-vaccinated children up to 12 years and they will be allowed to travel with their parents.
 - Not-vaccinated children of 12 -18 years need to undergo on-arrival PCR testing at the Ministry of Health approved laboratory at BIA or at any other MOH approved laboratory and inform the result to the area MOH. If the Day 1 PCR test report is negative, they will be allowed to travel with their parents.
- iii. No 2nd PCR for fully vaccinated travellers.

5

Accommodation & Airport transfers

Fully vaccinated travellers are allowed to make their own arrangements for accommodation, airport transfers and local transportation. However, advised to use safe and secure certified accommodations and travel agents to ensure their health and safety. (If fully vaccinated travellers are using "Safe & Secure Certified" L1 hotels / travel agents, airport transfers to be arranged by either the respective "Safe & Secure Certified" L1 hotel or travel agent)
