LANKAPAK 2026

The premier international packaging, processing, printing & plastic exhibition in Sri Lanka, Lankapak will be held on the 23rd, 24th & 25th of October 2026 at the BMICH, Colombo for the 27th spectacular time. This event was initiated by the Sri Lanka Institute of Packaging in the year 1981 with the objective of facilitating the printing and packaging industry to showcase their valued products and services to various other industries that require their services on a large scale.

This event will be a meeting point for all industry professionals to educate their potential buyers on the modern printing and packaging techniques which is required for the sustainability and value addition to all kinds of products that move into the market.

Lankapak is organized by the Sri Lanka Institute of Packaging together with CDC Events along with the support of government and private sector organizations. The Exhibition will comprise over 150 stalls displaying thousands of brands to meet all kinds of packaging requirements under one roof.

About SLIP

The Sri Lanka Institute of Packaging was established in February 1975 with the backing from the Export Promotion Secretariat.

Formation of this Institute followed a mission led by ITC advisor Mr. Johan Selin March 1974 on export packaging. The Institute of packaging is an association of private and public sector enterprises and is considered to be the first of its kind in a developing country.

Institute membership includes Corporate Members, Corporate life members, and associate members. The first two membership categories are accessible to both public and private organizations.
